

Nurse Navigation of the Surgical Breast Patient

May 17, 2010 at 7:00pm

Magnolia room

Presenter: Donna Tyree, RN, MA
Certified Breast Health Navigator

Registration begins at 6:45 pm

1.0 Contact Hour

**Sponsored by Gaston Memorial Hospital and Piedmont District ,
North Carolina Association of Perianesthesia Nurses**

The purpose of this workshop is to provide information to the RN regarding the nurse navigator role as it relates to the surgical breast patient.

Objectives:

1. Describe the history and care delivery models for nurse navigation of the breast cancer patient.
2. Discuss the nurse navigator role in providing education, support, advocacy and referral to resources for the surgical breast patient.
3. Describe how the nurse navigator supports the role of the perianesthesia nurse.

This workshop is open to all Piedmont District, NCAPAN members and GMH Nurses.

GMH Nurses : Register for this workshop via NetLearning by logging into the student interface, and selecting "Enroll in Class".

Piedmont NCAPAN Members: Register at the door.

Gaston Memorial Hospital is approved as a provider of continuing nursing education by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

In order to receive credit for this workshop, you must attend the entire session and return the evaluation form at the end of the offering. No influencing financial relationships exist among planners and presenters for this activity. This activity received no commercial support. Participation in an accredited activity does not imply endorsement by the provider or NCNA of any commercial products displayed in conjunction with an activity. All products discussed are used only for purposes for which they are approved by the Food and Drug Administration.
